# TUCSON HIGH FOOTBALL CORPORATE SPONSORSHIP

---

Our Loyal and Generous Sponsors,

We invite you to join our Tucson High Football Family of Sponsors! As the 2018 football season is rapidly approaching, our talented athletes and coaches are preparing for another successful year! A year dedicated to the continued development of a program built on tradition, integrity, teamwork, positive influence, and a true sense of a community for our youth. The Tucson High Champion Football Booster Club and its volunteers are dedicated to bridging the success of our program with the success of local businesses.

The story of the year around the city was the flooding of Gridley Stadium. This placed a great strain on our district, our school, our program, and our kids. The loss of our field also meant the loss of our snack bar. Based on financial data from the previous season our estimated loss was over \$12,000. However, I am happy to report that because of generous donations from sponsors we were able to maintain the status quo for our program. This year with your sponsorship, we hope to provide our student-athletes with the proper equipment necessary to compete in the State of Arizona's 6A Division.

Sponsorship tiers and advertising options are outlined below to fit numerous marketing budgets. Sponsoring our program is a very economical way to put your company name in front of thousands of people. You can also feel good knowing that your financial support helps provide equipment, supplies, team meals, football camps and training room needs at Tucson High School. Your generous contribution will help us to provide the best program possible as they lead our "team" and "community" to victory! Together we can accomplish great things on and off the field. We are truly grateful for your support. Thank you and GO BADGERS!

Sincerely,  
Richard M. Fimbres  
Offensive Line Coach

<b>TUSD</b>	TUSD Tax Credit	<a href="http://www.tusd1.org/Information/Resources/AZ-Tax-Credit">http://www.tusd1.org/Information/Resources/AZ-Tax-Credit</a>	Donate your tax credit directly through this website

Your tax credit contribution gives kids an extra chance to stay in school, learn more and do better in their classes. Kids who play sports in school are more likely to stay in school and succeed academically. Kids who participate in fine arts--in programs in art and music--actually do better in basic academic subjects, including math! It's also true that kids can learn a lot on extracurricular field trips.

Tax credit contributions support extracurricular activities for grades K-12. Those activities help keep kids in school, improve their attendance and help them learn and grow. You benefit, too. When you participate, you reduce your State tax liability by the amount you contribute. You get your money back, dollar-for-dollar, in the form of a tax reduction. Any Arizona taxpayer can participate! If you have relatives anywhere in Arizona, encourage them to contribute to your child's school right here in Tucson.

## ONE OPPORTUNITY. LIMITLESS POSSIBILITIES.

If you want to play sports at an NCAA Division I or II school, start by registering for a Certification Account with the NCAA Eligibility Center at [eligibilitycenter.org](http://eligibilitycenter.org). If you want to play Division III sports or you aren't sure where you want to compete, start by creating a Profile Page at [eligibilitycenter.org](http://eligibilitycenter.org).

### ACADEMIC REQUIREMENTS

To play sports at a Division I or II school, you must graduate from high school, complete 16 NCAA-approved core courses, earn a minimum GPA, and earn an ACT or SAT score that matches your core-course GPA.

### CORE COURSES

Visit [eligibilitycenter.org/courselist](http://eligibilitycenter.org/courselist) for a full list of your high school's approved core courses. Complete 16 core courses in the following areas:

#### DIVISION I

Complete 10 NCAA core courses, including seven in English, math or natural/physical science, before your seventh semester.

<b>ENGLISH</b>	<b>NATURAL/ PHYSICAL SCIENCE</b> (including one year of lab science, if offered)	<b>MATH</b> (Algebra I or higher)	<b>SOCIAL SCIENCE</b>	<b>ADDITIONAL</b> (English, math or natural/physical science)	<b>ADDITIONAL</b> (English, math, natural/physical science, social science, foreign language, comparative religion or philosophy)
4 years	2 years	3 years	2 years	1 year	4 years

#### DIVISION II

<b>ENGLISH</b>	<b>NATURAL/ PHYSICAL SCIENCE</b> (including one year of lab science, if offered)	<b>MATH</b> (Algebra I or higher)	<b>SOCIAL SCIENCE</b>	<b>ADDITIONAL</b> (English, math or natural/physical science)	<b>ADDITIONAL</b> (English, math, natural/physical science, social science, foreign language, comparative religion or philosophy)
3 years	2 years	2 years	2 years	3 years	4 years

### GRADE-POINT AVERAGE

The NCAA Eligibility Center calculates your grade-point average (GPA) based on the grades you earn in NCAA-approved core courses.

- DI requires a minimum 2.3 GPA
- DII requires a minimum 2.2 GPA

### SLIDING SCALE

Divisions I and II use sliding scales to match test scores and GPAs to determine eligibility. The sliding scale balances your test score with your GPA. If you have a low test score, you need a higher GPA to be eligible. Find more information about sliding scales at [ncaa.org/playcollegesports](http://ncaa.org/playcollegesports).

### TEST SCORES

Take the ACT or SAT as many times as you want before you enroll full time in college, but remember to list the NCAA Eligibility Center (code **9999**) as a score recipient whenever you register to take a test. If you take a test more than once, send us all your scores and we will choose the best scores from each test section to create your sum score. We accept official scores only from the ACT or SAT, and won't use scores shown on your high school transcript. Remember to apply the College Board concordance table for SAT tests taken in March 2016 and after.

## Test Scores

When a student registers for the SAT or ACT, he or she can use the NCAA Eligibility Center code of **9999** so his or her scores are sent directly to the NCAA Eligibility Center from the testing agency. Test scores on transcripts will **NOT** be used in his or her academic certification.

A combined SAT score is calculated by adding reading and math subscores. An ACT sum score is calculated by adding English, math, reading and science subscores. A student may take the SAT or ACT an unlimited number of times before he or she enrolls full time in college. If a student takes either test more than once, the best subscores from each test are used for the academic certification process.

If you took the SAT in March 2016 or after, and plan to attend an NCAA Division I college or university in the 2018-19 or 2019-20 academic years, use the following charts to understand the core-course GPA you need to meet NCAA Division I requirements.

For more information on the SAT, click [here](#) to visit the College Board's website.
